

# STATE & LOCAL ENERGY REPORT

## E-Newsletter

We're pleased to announce a new digital endeavor from *State & Local Energy Report*: a monthly e-newsletter that will reach more than 10,000 decision makers in the energy field.

Advertisers can take advantage of our new digital platform in several ways:

- 1 Banner Ads
- 2 Sponsored Content
- 3 Company Profiles

The screenshot shows the top of the e-newsletter with the 'STATE & LOCAL ENERGY REPORT' logo and 'Monthly Update' text. Below is a sponsorship banner for 'NASEO Energy Action in Washington'. The main content area features an article titled 'Energy Round Table With Senator Wyden' with a photo of the senator. Below that is a 'Sponsored Content' section for 'LIHEAP Purchasing Power Continues to Decline' with a '1' icon. At the bottom is a 'Featured Company' section for 'retrotec' with a '3' icon. The newsletter footer repeats the 'NASEO Energy Action in Washington' branding.

**We look forward to talking to you about reaching our influential, national audience.**
